Introduces the Promethean 'ProACTIVboard'
a cutting edge interactive technology that's
taking teaching into another dimension!

Promethean
ProACTIVboard 78"

- Interactive Touch Board
- Accurate electromagnetic surface
- ACTIVstudio Software "most advanced **authoring** software on the market, PC and MAC" **free** with every board.
- ACTIVstudio allows teachers to customise activities/flip charts with its full authoring software.
- Over 22,000 resources available on bundled CD, with more on available on line
- Full 'DSP' product which means a functionality upgrade is possible without the need to upgrade existing hardware.
- Lowest glare surface on the market, avoiding blinding lamp hot spots
- Board only responds to unique pen (no batteries) which eliminates spurious or accidental "contact" whilst doing a presentation.
- 'Hover Mode' and 'Right Mouse Click'
- Allows Students to touch the board not interfering with the teacher's presentation.
- Local expert authorised dealer.
- Full installation services available for Interactive Systems-PC-Mac-Video and Audio solutions.

Call Goran or Adrian on 42 299333 for an obligation free demonstration.

*Don't forget- we are suppliers and integrators for most major brands!
We tailor solutions that are right for you.*
